CD COULEUR

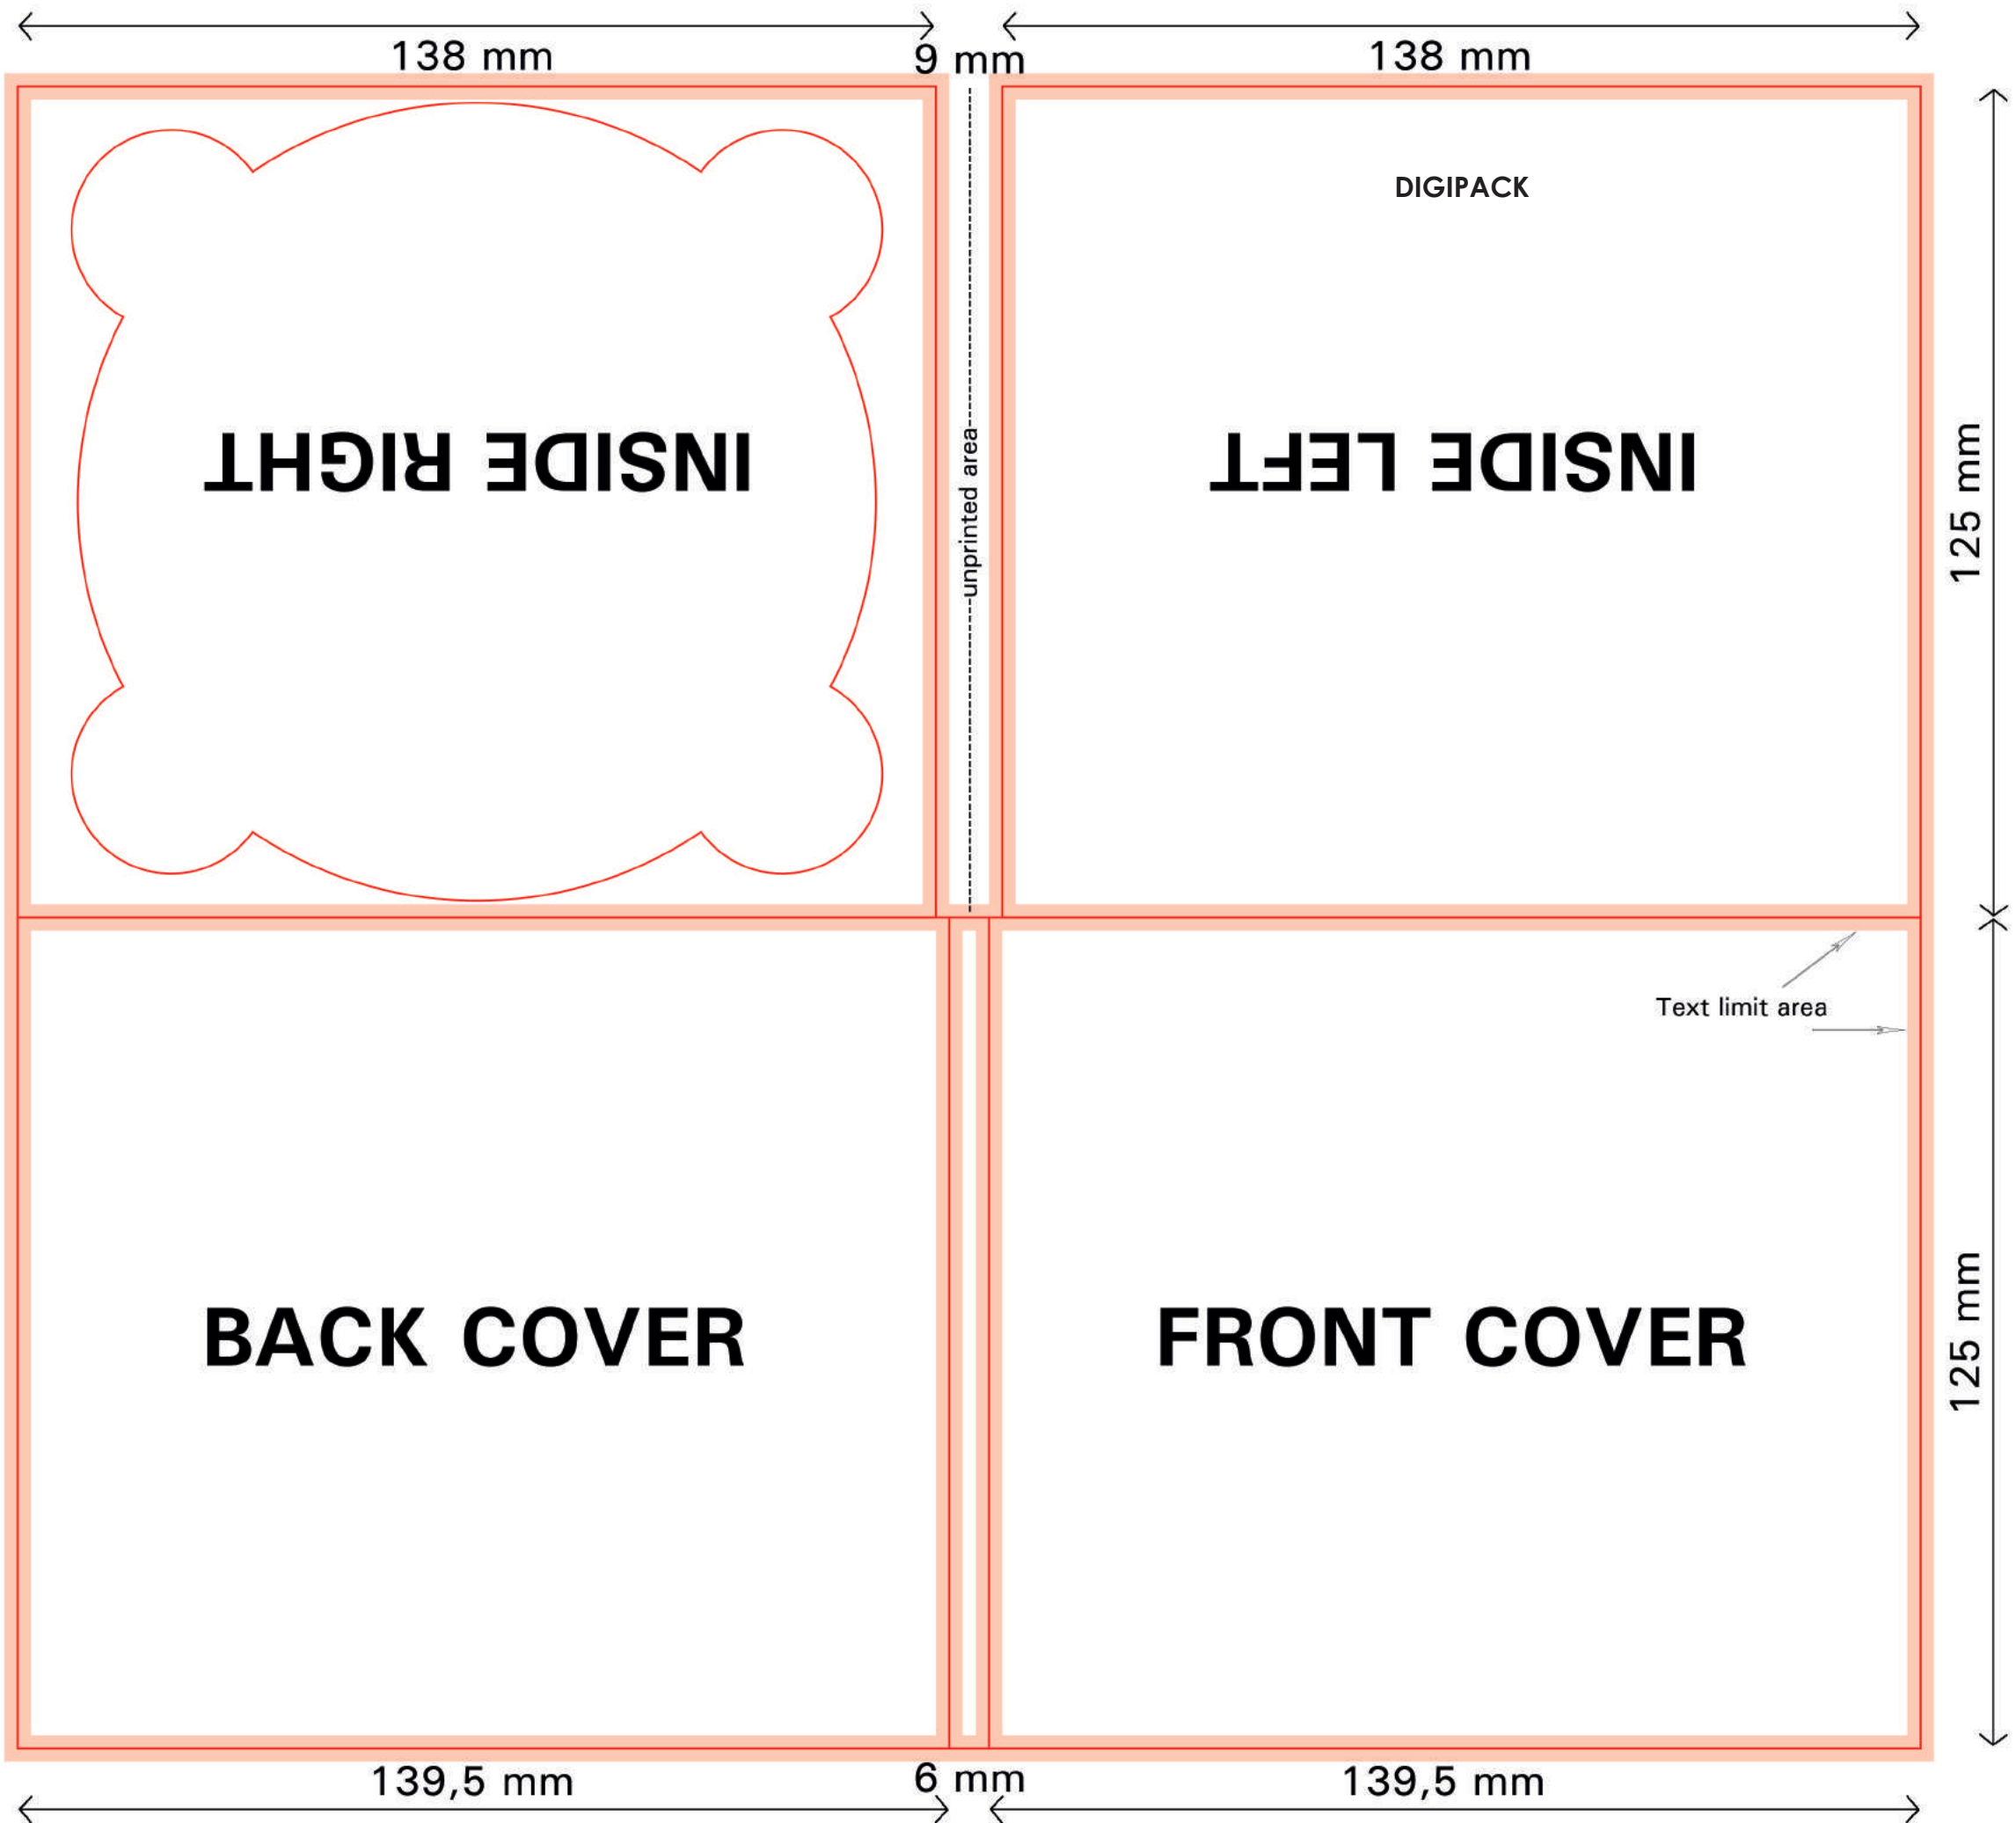

22 mm

A diagram of a CD layout. It features a large white circle representing the CD surface, surrounded by a thick green border. In the center of the white circle is a smaller green circle. A red horizontal line with arrows at both ends spans the width of the white circle. A red vertical line with arrows at both ends is positioned over the central green circle, with the text '22 mm' above it. The text '120 mm' is placed inside the central green circle.
